

WHO WE ARE

For 75 years, the Sanford-Springvale YMCA has been a leading nonprofit committed to strengthening community through our focus on youth development, healthy living and social responsibility. More than 10,000 individuals made the Y an important part of improving their lives, through academic achievement, advocacy, child care, exercise, social programs and teen development.

But there is so much more we could be doing. Our communities continue to grow, as do the needs of children, families and individuals – and we need to grow with them.

BUILD A BETTER US

Proceeds from this year's golf tournament will support the expansion project. For this year, we have added another level of giving – **the Key Contributor**. This is an opportunity for those individuals or businesses considering a generous gift to the expansion project and would like to attend the golf tournament lunch and celebration.

Most of the walls are sheet rocked and soon the IT grid will be installed, but we need more funds to complete the project. Help us get the doors open. **You are the key to opening these doors.**
